Apple Hill Scout Reserve

Campfires

- With your registration, please include songs and cheers to help the campfire chief plan.
- A friendship campfire will be lit in the Kitchener field nightly; you're welcome to stay up and talk there. The last person to leave the fire is responsible for putting it out safely.
- **No fires are permitted at Group camping areas.**

Parking

The second gate (near the water truck) will be open only from 6 to 8 p.m. on Friday night to allow vehicles with equipment through (i.e., tents and kitchen equipment). All other vehicles are to park at the front gate (before the water truck), and personal gear is to be walked in. Be sure to tell us on the registration form if your group plans to bring an equipment trailer so we can organize parking.

Other important notes

1. The **water truck** will once again be available, so you don't need to bring water; bring your water containers (labelled with your Group name).
2. The Saturday afternoon **water fight** is on, so have your youth bring a water gun, bathing suit or clothes that can get wet, and a towel (if they intend to participate).
3. The camp rangers will be working extra hard around camp, including doing water and garbage runs. Please be patient, as it may take a few hours for them to return with your filled water jugs.
4. Do **tick checks** and remind your youth and parents to do so as well. We encourage you to bring a tick removal kit in your first aid kit; there will also be one at Wade Lodge.
